

Good Morning!

Today, please focus on just what is a parameterized surface by constructing them. Tomorrow we will do surface integrals with them.

- Read solutions R0421 in document `RVectx0421.pdf`.
- Re-read Thomas Section 16.6 Examples 1, 2, 3.
- Attempt Thomas Section 16.6 Exercises 3, 6 10, 14.
- Pick your favorite form of the destructor at

0422 Vector Calculus Checkin

Thursday we will have another quiz. It will be easier than the last one I hope.

If anyone would like to discuss this material, I will initiate a meeting in Microsoft Teams Channel Chatroom tomorrow at 11 AM.
