Information from the College Board

The AP Computer Science A online exam is scheduled for Friday, May 15, at 1:00 PM Pacific Time.

Students will have 25 minutes to read and respond to Question 1, and then 5 minutes to upload their response. After uploading the response to Question 1, students will have 15 minutes to respond to Question 2, with 5 additional minutes to upload their response to Question 2. Once their response to Question 1 has been submitted, they cannot go back to it.

Question 1 will cover Arrays and/or ArrayLists, Question 2 will cover Methods and Control Structures.

I received this additional information from College Board.

Encourage your students to review their contact information. We're communicating with the AP community primarily by email. To ensure your students are receiving critical information, make sure they log in to My AP to remind themselves of the email address and cell phone number they've asked the College Board to use. If they want, students can change how we contact them. Two days before each exam, students will receive an email with a personalized e-ticket that will include their eight-character AP ID code. If a student still doesn't receive the email, they'll be able to access their e-ticket directly through My AP.

Today's assignment

I will be grading your work over the weekend for the purpose of supplying feedback. Our class will continue until the AP examination on May 15. Please continue to work on the programming assignments, it will pay off!

Your assignment for today is:

- Complete problem H0430 in `HCScix0430.pdf`, it will be due tonight night. Upload your solution in the appropriate Microsoft Teams assignment.

- Please answer the important question at
